The screenshot shows the Springer Link website for the book "Intelligent Control and Innovative Computing". The page features a red header with the Springer Link logo and navigation options like "Find a journal", "Publish with us", "Track your research", and a search bar. Below the header, the book cover is displayed with the title "Intelligent Control and Innovative Computing" and the editors' names: Sio Iong Ao, Oscar Castillo, and Xu Huang. The book is part of the "Lecture Notes in Electrical Engineering" series, volume 110. The page also includes a description of the book's content, which covers recent advances in intelligent control and innovative computing, decision supporting systems, and automated planning. On the right side, there are purchase options for the eBook (EUR 117.69), softcover book (EUR 149.99), and hardcover book (EUR 149.99). The eBook option includes features like availability as EPUB and PDF, reading on any device, instant download, and ownership forever. The page also shows the book's citation information: 24k Accesses, 71 Citations, and 3 Altmetric.
